

**Master Soft-Close Hinge** is a new generation hinge system, ensuring a high level of movement and assembly comfort due to high-level adjustment feature. It was developed after research and advanced tests carried by SAMET R&D center.

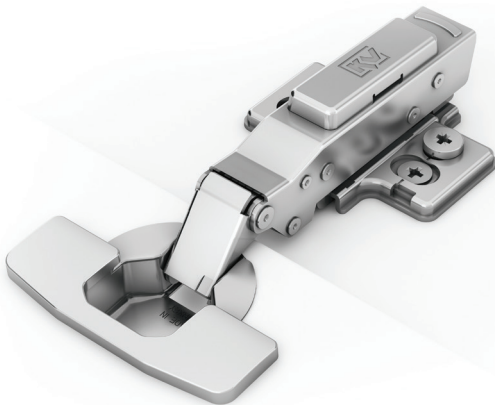

Use of Soft Close and Self Closing Hinges in Tandem will ensure silent and smooth door closing performance.

## Perfect Design

**Master Soft-Close Hinge** ensuring a high level of movement and assembly comfort due to high-level adjustment feature. An exclusively developed integrated soft-close mechanism was installed in the hinge body with an innovative design to provide the hinge more stable function.

## Easy Installation

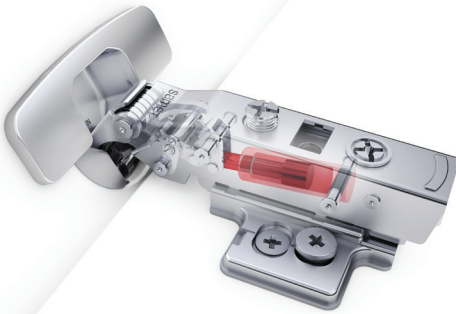

Track Mechanism in **Master Soft-Close Hinge** provides toolless assembly-disassembly feature, which also simplifies installation process and help to save time.

**Master Hinge** is available in integrated Soft Close, Self Closing and Free Swing / No Spring Models.

## High Quality

**Master Soft-Close Hinge Series** were designed with the advanced technology of SAMET R&D Center and produced by using fully - automated robotic production systems.

## Advanced 3D Adjustment

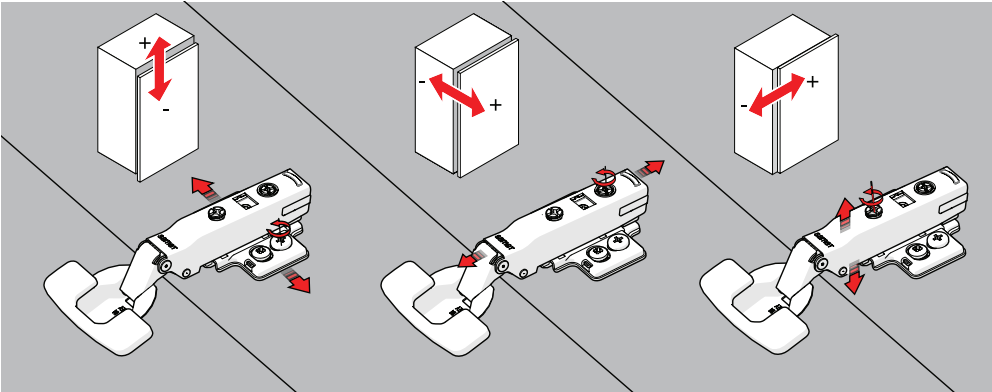

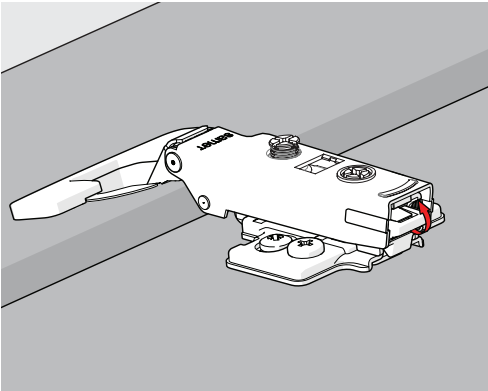

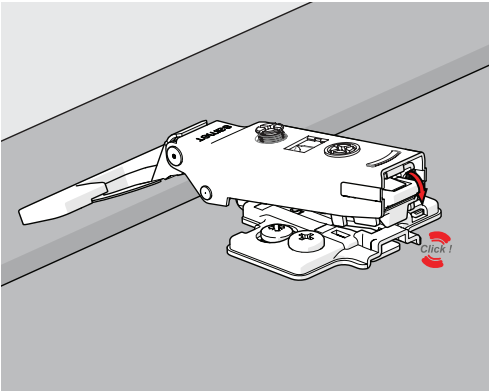

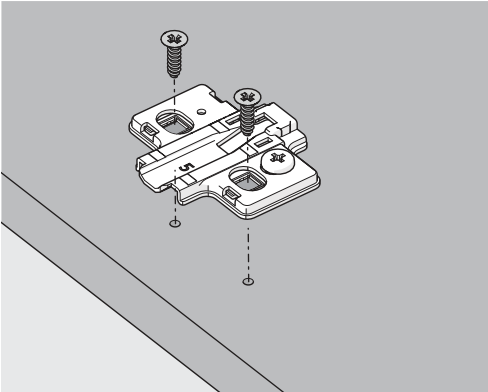

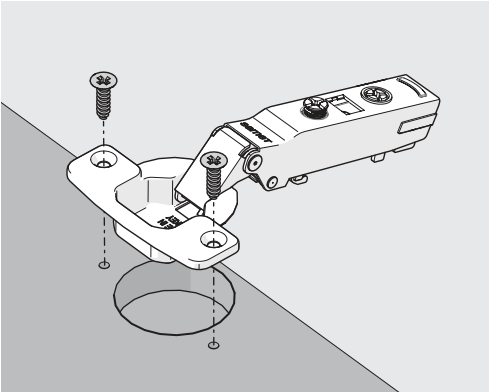

Wide range 3D adjustment in six direction ensures assembly comfort and better precision for furnitures.
